

Bloomington, Indiana, USA

A Global Leader in Sterile Contract Manufacturing

BioPharma Solutions' facility in Bloomington, Indiana, USA, a state-of-the-art 600,000 square foot campus, is a leader in sterile contract manufacturing.

A Global Leader

Manufacturing products to more than 120 countries with supply of global markets including US, EMEA and Japan.

Broad Range of Solutions

Serving client needs with clinical development through commercial launch, customized support services, and experience with small molecules, biologics, and vaccines (adjuvant and conjugate).

Lyophilization Center of Excellence

BioPharma Solutions' team of scientists can help optimize cycle times and offer innovative approaches for the development of formulations and freeze-drying cycles, whether biologics or small molecules.

High-Speed/High-Volume Production

BioPharma Solutions has the resources to get you to market, with automated inspection, labeling, and packaging equipment that mirrors filling capacity.

Commitment to Our Clients

We Take Our Commitment Seriously

With over 60 pharmaceutical clients, BioPharma Solutions offers strong organizational capabilities to help ensure our partnership provides the value you deserve.

Focusing on Results

The BioPharma Solutions team is committed to a common customer service philosophy - to provide service with a passionate focus on results.

Specialized Client Teams

BioPharma Solutions also staffs each project with a dedicated client team composed of cross-functional experts.
